

## Getting access to Omero webclient and Omero Insight App

In the Webclient you can see your data and in the Insight App you add and work with your files

1) Web client: <https://omero-research.imaging.au.dk/webclient/>  
Request username and password by contacting  
[imaging@biomed.au.dk](mailto:imaging@biomed.au.dk)

2) Install the Omero.insight App  
<https://www.openmicroscopy.org/omero/downloads/>  
In section **Adding server and logging in**  
Connect to: omero-research.imaging.au.dk (images to the right)

Import data  
<https://help.openmicroscopy.org/importing-data-5.html>
